Angels Touch Home Care Named as Prestigious 2015 HHCAHPS HONORS Recipient

WEST PITTSTON, PA [November 9, 2015] — Angel's Touch Home Care, LLC has been named a [2015 HHCAHPS Honors](#) recipient by [Deyta Analytics](#), a division of [HEALTHCAREfirst](#). HHCAHPS Honors is a prestigious award recognizing home health agencies that continuously provide quality care as measured from the patient's point of view.

Deyta Analytics used the Home Health Consumer Assessment of Healthcare Providers and Systems (HHCAHPS) survey results from partnering home health agencies contained in its HHCAHPS database, with an evaluation period of April 2014 through March 2015. Deyta Analytics identified HHCAHPS Honors recipients by evaluating performance on a set of nineteen satisfaction indicator measures; omitting qualifying, leader, and demographic questions. HHCAHPS Honors recipients include those agencies scoring above the Deyta National Average on at least eighty-five percent, or seventeen, of the evaluated questions. Deyta holds a special recognition, HHCAHPS Honors Elite, to honor home health agencies scoring above the Deyta National Average on 100 percent, or all nineteen, of the evaluated questions.

"We are honored to be partnered with these top performers who are dedicated to quality patient care. HHCAHPS Honors defines a new standard of excellence in the patient experience for home health agencies," said Bobby Robertson, President and CEO of HEALTHCAREfirst.

Angel's Touch Home Care is part of the Millenium Home Health family of providers, dedicated to offering superior Medicare-certified home health care services. Their commitment to excellence includes skilled nursing, physical therapy, speech pathology, medical social work and home health aide services.

"I am very proud of the hard work and effort the staff continually puts forth to care for the patients that we service," Anthony P. Angelo, President and Chief Executive Officer of Millenium Home Health Care and its family of providers said. "It is very gratifying to see the staff recognized by the industry for their persistence, excellence, and quality care, which I have witnessed time and time again."
