**Angel's Touch Home Care Named as Prestigious
2014 HOME HEALTH CARE HONORS Elite Recipient**

WEST PITTSBURGH, PA [November 4, 2014] — Angel's Touch Home Care, LLC a Millenium Home Care Company, has been named a 2014 HHCAHPS Honors Elite recipient. HHCAHPS Honors Elite is a prestigious annual award, determined by the patients themselves, which defines a new standard of excellence in the patient experience for home health agencies.

Established by Deyta, this honor acknowledges the top agencies that continuously provide the highest level of satisfaction through their care as measured from the patient's point of view. The HHCAHPS Honors identifies the highest performing agencies ranked by analyzing satisfaction measures covering both performance and improvement of care over a 12-month period.

Criteria for this award is based on the HHCAHPS survey results of more than 1,800 home health agencies during an evaluation period of April 2013 through March 2014. Each award recipient's performance is evaluated based on a set of nineteen satisfaction indicator measures. This elite award celebrates those home health agencies scoring above the Deyta National Average on all nineteen of the evaluated questions. Only 41 agencies nationwide received this elite honor in 2014.

"HHCAHPS Honors recognizes agencies who work hard and are dedicated to delivering quality care, and it shows in their patient satisfaction scores. We are honored to be partnered with these top performers," said Kevin Porter, President and CEO of Deyta.

Angel's Touch Home Care is part of the Millenium Home Health family of providers, dedicated to offering superior Medicare-certified home health care services. Their commitment to excellence includes skilled nursing, physical therapy, speech pathology, medical social work and home health aide services.

"I am very proud of the hard work and effort the staff continually puts forth to care for the patients that we service," Anthony P. Angelo, President and Chief Executive Officer of Millenium Home Health Care and its family of providers said. "It is very gratifying to see the staff recognized by the industry for their persistence, excellence and quality care I have witnessed time and time again."
